

SPECIAL LOCAL NEED 24(C)LABELING

**DuPont Crop
Protection**

**DUPONT™ KROVAR® I DF
HERBICIDE
NONCROPLAND WEED CONTROL
STATE OF WASHINGTON**

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF WASHINGTON

DUPONT™ KROVAR® I DF HERBICIDE

EPA REG. NO. 352-505

**FOR CONTROL OF WEEDS GROWING ON THE U.S. ARMY
YAKIMA FIRING CENTER FIREBREAKS
(SPRING OR FALL APPLICATION)**

DuPont™ KROVAR® I DF Herbicide (bromacil/diuron) is a state restricted use pesticide for the protection of groundwater and may be distributed only by licensed pesticide dealers. Only certified applicators or persons under the direct supervision of a certified applicator may use DuPont™ KROVAR® I DF Herbicide (bromacil/diuron).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This labeling must be in the possession of the user at the time of application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label. For use under this SLN label do not apply this product through any type of irrigation system.

DuPont™ KROVAR® I DF Herbicide is recommended for grass and broadleaf weed control on the U. S. Army Yakima Firing Center Firebreaks.

HOW TO USE

Moisture is required to activate and move DuPont™ KROVAR® I DF into the root zone of weeds for preemergence control. Do not make more than one (1) application per year per acre. Make a single fall application of DuPont™ KROVAR® I DF at 10 lbs. per acre as a broadcast spray with aerial or ground application equipment. A single application of DuPont™ KROVAR® I DF at no more than 10 lbs per acre may be made in the spring (prior to or during the rainy spring season to coincide with periods of higher seasonal moisture probability). For aerial application, use a minimum of 15 gallons water per acre. A minimum of 10 gallons water may be used for aerial application provided there is a 100-foot setback (buffer zone) from desirable plants and sensitive sites and only when using

nozzles that produce at least a very coarse¹ droplet size spectrum (VMD >400 microns).

¹ ASABE S572.1 Droplet Size Spectrum

CONTAINER DISPOSAL

Paper Containers

WSDA Container Disposal Guidance: Completely empty the contents of the pesticide container into application equipment, and apply to a labeled crop or site. The empty container may be disposed of in a sanitary landfill. Burning is not a legal method of container disposal in Washington.

IMPORTANT

**BEFORE USING DUPONT™ KROVAR® I DF
HERBICIDE, READ AND CAREFULLY
OBSERVE THE CAUTIONARY STATEMENTS
AND ALL OTHER INFORMATION APPEAR-
ING ON THE PRODUCT LABEL.**

This bulletin contains new or supplemental instructions for use of this product which may not appear on package label. Follow the instructions carefully.

This label must be in the possession of the user at the time of pesticide application.

This label for DuPont™ KROVAR® I DF Herbicide expires and must not be distributed or used in accordance with this SLN registration after December 31, 2014.
